

CONSCIOUS EVOLUTION THEORY

Carlene Sullivan from Boston USA is a Natural Health Specialist, Evolutionary Activist & the author of the book: *'The Cosmic Dialog, Illusion of Beliefs'*. She specialises in the natural process of evolution and how humankind can evolve collectively by gaining consciousness. Truly an inspiration, she is known for her fascinating story-telling and motivational influences. She presents feasible theories about the reasons why global challenges in relation to personal struggles reveals something profound is on the horizon. Carlene guides us on how to understand these hidden truths & the relationship between world affairs and the possibilities of the future. She Introduces the reasons why we are much more powerful than we were ever led to believe & how we can free this spectacular innate-power.

What if humankind made a conscious effort to evolve and how would 'we' accomplish this feat?

by Carlene Sullivan

The Universal Connection behind the next Evolution-Stage

- ◆ **Learn how to evolve from a 250,000 year old Homo-sapiens into a Higher Consciousness being.**
- ◆ **Defining individual, genetic and communal Karma and how this Karmic reaction is effecting our world today.**
- ◆ **Brain waves have a broad connection that can connect, transmit and receive information through waves similar to digital connection**
- ◆ **The energy within our bodies, where this energy comes from and where it shall go**
